

Read John 1:19-34

1. There was something about John's life that attracted attention directed towards the messiah. Though we may not dress in camel skin and eat locust, there can be aspects of our life that cause others to inquire. What aspects of your life do you try and live with intentionality for this reason?

2. What are some ways that other believers have lived their life in a way to make you inquire about their hope and faith?

3. As John said- he's the voice in the wilderness. We also can be ones that remove hurdles for the name and mission of God. How can we remove hurdles for people so that they can see Christ clearly?

4. What's the greatest thing that someone ever sacrificed for you? How did that make you feel?

-Now, in light of Christ's sacrifice- how does that compare? When you spend a minute reflecting on Christ's sacrifice- what does that say about what he thinks of you?
