

Read John 5:25-47

1. When you read that everyone will eventually give an account concerning what they believe about Jesus, how does that effect your urgency to share the gospel?
2. Jesus calls on several witnesses to take the stand on who he is. The first is John the Baptist. Why do you think it is significant that someone who had influence of the people pointed to another?
3. The works of Jesus show his power, authority, and clear mission from God. What recorded miracles do you most identify with and why? Are there other miracles that you have seen or witnessed that speak of Jesus' power to you?
4. Another interesting witness is Scripture itself. Jesus says that although they searched the Scriptures- they missed him all together. How do you think that is able to happen?
5. Why do you believe the religious rulers missed Jesus so badly? How do you think we could do the same today?
6. How do you think believers can discern the voice of God in our own lives currently?
7. If someone in group is struggle to have an intimate relationship with Jesus, how can you encourage them?
